President's Message

Hello V8er's,

Happy Valentine's Day!...Well the year 2021 is moving right along. Hard to believe we're already in February.

Happy Valentines Day!

Things seem to be improving with the Covid situation and hopefully we'll start seeing some car show related events pop-up in the next few months. I for one am chomping at the bit wanting to get out to the

shows and once again meet with old car guy friends and see some beautiful cars. Sorry to report that both the Sacramento Autorama and the Grand National Roadster Show have been canceled.

The Plant's are having a Spring Fling at their house on March 20, 2021 (rain backup date March 27th, 2021) (however if both dates are rained out then Spring Fling will be pushed to March 19th, 2022), all club members are invited. Bring your cars and help kick off a better season. The Plant's will furnish hamburgers, hot dogs, and fix in's, along with water and lemonade, bring chips or salad to share. What's Up

UP

Read until the end ... you'll laugh. This two-letter word in English has more meanings than any other two-letter word, and that word is 'UP.' It is listed in the dictionary as an [adv.], [prep.], [adj.], [n] or [v].

It's easy to understand UP, meaning toward the sky or at the top of the list, but when we awaken in the morning, why do we wake UP?

At a meeting, why does a topic come UP? Why do we speak UP, and why are the officers UP for election and why is it UP to the secretary to write UP a report? We call UP our friends, brighten UP a room, polish UP the silver, warm UP the leftovers and clean UP the kitchen. We lock UP the house and fix UP the old car.

At other times, this little word has real special meaning. People line UP for tickets, work UP an appetite, and think UP excuses.

To be dressed is one thing but to be dressed UP is special. And this UP is confusing: A drain must be opened UP because it is stopped UP.

We open UP a store in the morning, but we close it UP at night. We seem to be pretty mixed UP about UP!

To be knowledgeable about the proper uses of UP, look UP the word UP in the dictionary. In a desk-sized dictionary, it takes UP almost 1/4 of the page and can add UP to about thirty definitions. If you are UP to it, you might try building UP a list of the many ways UP is used. It will take UP a lot of your time, but if you don't give UP, you may wind UP with a hundred or more.

When it threatens to rain, we say it is clouding UP. When the sun comes out, we say it is clearing UP. When it rains, the earth soaks it UP. When it does not rain for a while, things dry UP. One could go on and on, but I'll wrap it UP, for now my time is UP!

Oh . . . one more thing: What is the first thing you do in the morning and the last thing you do at night?

U P !

Did that one crack you UP? Don't screw UP. Send this on to everyone you look UP in your address book. . . or not . . . it's UP to you. Now I'll shut UP!

It was a chilly morning at Hennesey Park in Lotus along the South Fork of the American River. Here it is the first of January 2021 and what a great way to start the new year. There were about 100-150 people with around 80 classic cars and hot rods there. It was clear weather even though in the 30's to start. Cars started arriving around 7:30 am and everyone enjoyed coffee, donuts, cookies, and visiting till about 10:30 am. There was a feeling and hope that this will be the start of a new and better year.
